Petition To Document Appointed Middle District Federal
Defense Team Withheld Viable Evidence From Court and Client

Comes Mell T. Bruton-pro se represented by Court appointed Federal attorney
Jude T. Lenahan, humbly before United States Justices to record on
document appointed Federal Legal defense team knowingly, purposely,
to deciere withheld viable evidence from district Court and, client to
assist adverse party. Petitioner will show...

i). Petitioner's document #43 "Request to Respond to Fraud"; Granted by Court
lists request's for Counsel's file and transcripts "Ordered" 12-14-10.

a). Petitioner personally corresponded via U.S. mail to Esquire Lenahan
requesting "Status" and Copy of Transcript of hearing held 6-4-07 and, a Copy
of Mr. Ravenall's investigation Report. (dated February 13, 2011)

b). Petitioner made request (3) times via fascimili dated 3/4/11.
2). Appointed counsel for Petitioner responds with (2) Memorandums one from
Probation officer Helen Dean in Nashville and, two from Taz Farmer in Franklin
demonstrating clear evidence Williamson County was contacted on more than
one occasion and, confirming Connie Martin committed perjury on the
witness stand. All conveniently left out of report to District Court.

Additionally the report is clearly inaccurate stating both Farmer and
Martin advocated on petitioners behalf November 6, 2007. Petitioner was incarcerated
in T.D.O.C. from Williamson County 11/6/07 however, 11/6/06 Connie Martin did not
advocate on Petitioner's behalf, "Community Corrections" in Nashville advocated on petitioner's
behalf documented in Petitioner's "Response To Fraud Document #41 Page ID #143"; verify.
